## **Communications Project Manager (Washington, DC)**

**CirclePoint**, a leading strategic communications firm, is seeking an experienced project manager for high-profile public information and outreach projects. The position is located in our Washington D.C. office and requires consulting, project management, and marketing experience, in addition to a solid understanding of Washington, DC's unique political, social, cultural and economic dynamics and how to operate successfully within them to the benefit of our clients.

The successful candidate will have at least 3 years of experience managing public education efforts; experience in marketing consulting services; and a working knowledge of the stakeholder and public information challenges and approaches associated with built-environment projects in the transportation, water resources, utilities, or land development sectors. Candidate will be responsible for schedule, budget, and client management as well as staff team building and development. Must have a degree in communications or a related field. Candidate must have excellent written and oral communications skills and be proficient in Windows, Microsoft Office Suite, and experienced in Microsoft Outlook and Project.
